

## Brake Cleaner (A472)

This product is perfect for professional use and also for “do-it-yourself” use. It cleans, degreases and lubricates brakes and clutches. This product is perfect for any mechanical component that needs to be degreased. Rinsing is not required and it acts rapidly.

**BRAKES CLEANER** – A special cleaner particularly effective on brakes, clutches and other mechanical components that require to be degreased without rinsing. It rapidly dissolves oil, grease and other dirty substances.

### Technical Specifications:

|                  |  |
|------------------|--|
| Barcode          | EAN: 8034108890425                       |
| Quantity         | 600 ml – Net Wt. 1.04 LB 467 g           |
| Case             | 12 Pieces                                |
| Aspect           | Cylinder containing under pressure fluid |
| Color            | Transparent                              |
| Odor             | Characteristic of solvent                |
| Relative density | a 68°F 0.62 ÷ 0.66 g/ml                  |
| Flash point      | Low. 32° F                               |
| Pressure at 68°F | 6/7 bar                                  |
| Melting point    | -4°F (liquid base)                       |
| Boiling point    | 118.4°F (liquid base)                    |
| Ignition point   | 761°F (liquid base)                      |

**HOW TO USE:** Spray directly on the surface to be cleaned, allow a few minutes to penetrate and act. In the case of difficult or hard to clean surfaces, repeat the treatment, and possibly clean with a soft rag. Do not spray on painted parts or plastic surfaces.

### STORAGE

Before using: stock the product in a dry location above 32°F degrees and below 113°F. After use, keep containers closed. In the original package, the product can be conserved for 24 months.

After the first use: conserve in a fresh and dry location, away from hot conditions. Keep out of reach of children.

### Hazards identification:

|      |  |
|------|--|
| H222 | <b>Extremely flammable aerosol.</b>                    |
| H229 | <b>Pressurized container: may burst if heated.</b>     |
| H315 | <b>Causes skin irritation.</b>                         |
| H336 | <b>May cause drowsiness or dizziness</b>               |
| H411 | <b>Toxic to aquatic life with long lasting effects</b> |
