

### UNBLOCK PENETRATING SPRAY

A penetrating synthetic fluid with a high solvent and releasing power. It supports the releasing process of bolts, joints, threads, hinges and all other mechanical parts from rust and oxidation. It also leaves a long-lasting water repellent protective film.

- Penetrating
- Releasing power
- Breaks down rust / oxidation

### XT10

XT-10 Multifunctions with a 360° dispensing valve. A Multi-Purpose Lubricant with **10 powerful functions**: **lubricating, unlocking, penetrating, protective, extreme pressure resistant, high temperature resistant, anti-seizing, water repellent, rust protection**. Created with active ingredients of the highest quality, it has an ultra-lubricating, ultra-penetrating power. Perfectly suited for the workshop, at home, in the garden, in the nautical industry, industrial, sporting goods or anywhere there is a mechanism that requires maintenance.

- 360° dispensing valve
- 10 Powerful functions in 1
- Dual Action

### 10 FUNCTIONS - Identity and Sentences:

**UNLOCKING:** One of best Ambro-Sol products, XT-10 is a multipurpose lubricant with a strong unlocking power! XT-10 great for the home or in the shop.

**PROTECTIVE:** A strong protective power that protects surfaces and materials from corrosive atmospheric conditions, bad weather, dust and rust.

**LUBRICATING:** This Ambro-Sol spray has a strong lubricant power, ideal for maintenance and lubrication of all surfaces and for all types of uses, at home and at work.

**PENETRATING:** XT-10 guarantees a strong penetrating spray. The dual action spray reaches the problem at the origin breaking down rust.

**EXTREME PRESSURE RESISTANT:** XT-10 is strong enough to work with high loads and heavy equipment. It is extreme pressure resistant even in the worst conditions.

**HIGH TEMPERATURE RESISTANT:** XT-10 doesn't fear high temperature. This amazing multipurpose spray resists very hot temperatures, perfect for use in welding, mechanical and electrical sectors.

**ANTI CORROSIVE:** Are your materials under a corrosion process? XT-10 spray has a strong anti-corrosive power. Try it!!

**WATER-REPELLENT:** XT-10 protects surfaces, applications and materials from water and strong atmospheric conditions.

**ANTI-SEIZING:** XT-10 has a strong anti-seizing power. Ideal to keep your products running smoothly both for professional and domestic use.

**RUST PROTECTION:** The fight against rust is simple and easy with this powerful multipurpose spray. Its strong solvent power dissolves rust but can also break down other materials such as silicone, glue and adhesives.

### HOW TO USE THE STRAW

**1** - Pull up and remove the straw from the cap.

**2** - Insert the straw into the nozzle and spray the product.

**3** - When finished, remove the straw from the nozzle.

**4** - Put the straw in the cap applying light pressure.

## LUBRICANTS

- Lubricants are helpful to reduce the wear and tear of a broad range of mechanisms.
- It creates a thin layer that separates two surfaces from direct contact. It protects products by minimizing friction and allowing for extended use between applications.
- Ambro-Sol lubricants are a collection of products that can meet the needs of many different industries such as automotive, industrial, ground moving/heavy equipment, agricultural, nautical, food, sporting goods, and everyday DIY jobs found at home.

# 2019-2020

# LUBRICANTS LINE

### LITHIUM GREASE

A high quality grease that has a wide spectrum of uses and good chemical stability. Great for metal on metal lubrication. Water-repellent and resistant to salty or dirty atmospheric conditions. Ideal for lubricating bearings, bushes, hubs, kingpins, guide rails, chains, cables and for general all-around use in the home, motor vehicles, agriculture and industrial machinery.

#### SECTORS

- Ideal for metal on metal applications
- Resistant to salt and dirt conditions
- Water - repellent

G001	10.4 OZ. - 297 gr	8034108890005	12 pcs

### PTFE GREASE

A high quality grease that prevents corrosion and performs at high temperatures (up to 248°F) without leaving residue. It has a low friction coefficient and a high chemical inertia which makes it excellent for high load resistance and extreme operating conditions. It is commonly used on bearings, bushes, pistons, gears, chains, motors, cams and conveyor rollers in the steel, glass, ceramic and brick industries.

#### SECTORS

- High load resistant
- Reduces friction
- Powerful lubrication

G007	10.2 OZ. - 290 gr	8034108890067	12 pcs

### SILICONE SPRAY

A lubricating spray with a pure silicone oil base and anti-stick release agents. It is water repellent, protects against wear, and prevents the accumulation of electrostatic charges. It also protects seals from cracking, increasing tightness and durability.

#### SECTORS

- Protective
- Water-repellent
- Anti-static

SKU	NET CONTENT	BARCODE	CASE
OL103	9.3 OZ. - 265 gr	8034108890142	12 pcs

### WHITE LITHIUM GREASE

Grease containing lithium and titanium oxides. It has excellent long-term lubrication and performs in the presence of saline and aggressive atmospheres with long-term stability and resistance to oxidation. It protects surfaces from corrosive agents and it's perfectly suitable for both high temperature (428°F) and low temperature(-40°F) exposure. Excellent for lubricating pins, joints, transmissions, levers, suspensions, hinges and exposed machine parts on outboard motors and boats. A multi-purpose lubricant suitable for the home, industry, and nautical applications.

#### SECTORS

- Salt water resistant
- Prevents oxidation / corrosion
- High & Low temperature resistant

SKU	NET CONTENT	BARCODE	CASE
G003	10.4 OZ. - 297 gr	8034108890029	12 pcs

### ADHESIVE GREASE FOR CHAINS

A high performance chain grease developed and tested for the racing industry (on-and off-road motorcycles), it provides guaranteed lubrication for extended periods of intense use. It penetrates and lubricates to ensure elevated output and precision while reducing the wear of the chain. Also great for mechanical chains used in industry.

#### SECTORS

- Penetrating
- Reduces wear
- Metal on metal applications

SKU	NET CONTENT	BARCODE	CASE
G012	10.7 OZ. - 305 gr	8034108892405	12 pcs

### CUTTING OIL

HEAVY-DUTY PROTECTIVE TOOL LUBRICANT. Developed for professional applications in hard metal cutting operations. This oil has a paraffin mineral base, enriched with special EP anti-weld additives. Ideal for use in difficult threading operations with particularly hard, alloy steel. Can also be used with other types of metals including brass, copper and aluminum. Suited for use in the hydraulic sector.

#### SECTORS

- Extreme pressure resistant
- Anti-welding
- Penetrating

SKU	NET CONTENT	BARCODE	CASE
OL104	10.3 OZ. - 293 gr	8034108890159	12 pcs

### COPPER GREASE

A product designed for high temperature use only. Heat resistant up to 1830°F. Protective, lubricating, high adhesive capacity, and anti-corrosion inhibitors make it ideal for all cases where heat, heavy loads, or highly corrosive environments can create irreversible blocks. Great for bolts, nuts, studs, rings, pins, motor, exhausts, injection valves to help prevent seizing.

#### SECTORS

- Prevents corrosion
- Extreme pressure resistant
- High temperature resistant

SKU	NET CONTENT	BARCODE	CASE
G006	9.9 OZ. - 283 gr	8034108890050	12 pcs

### GRAPHITE GREASE

A High Quality grease that has exceptional adhesion properties. Best suited for high temperature and high-pressure applications only. Water resistant, Anti-corrosive, Anti-wearing. This lubricant can withstand the toughest conditions and extend the life of your equipment. It is suitable for ground moving/heavy equipment, agriculture, construction, and industry to lubricate joints, pins, bushings, guides, sliding surfaces, bearings. Prevents seizing and is resistant to high temperatures up to 750°F.

#### SECTORS

- Prevents corrosion
- Reduces wear
- High temperature resistant

SKU	NET CONTENT	BARCODE	CASE
G019	10.3 OZ. - 292 gr	8034108894662	12 pcs

### FIREARM LUBRICANT

This extra fine oil with high penetrating and cleaning properties is fundamental for the maintenance of all types of firearms. It forms a protective barrier against humidity, water, and the corrosive substances contained in gun powder.

#### SECTORS

- Lubricating / Penetrating
- Cleaning
- Protective
